the domestic flight; for international flight, please arrive at the Passenger Waiting Area for pick up. (Passengers, who arrive at Terminal 7 of JFK Airport, please wait outside of the baggage claim area.)

Day 2: New York - Watkins Glen - Niagara Falls

We will head north to the Watkins Glen State Park, NY. Watkins Glen State Park - is the most famous of the Finger Lakes State Parks. Within two miles, the glen's stream descends 400 feet past 200-foot cliffs, generating 19 waterfalls along its course. The gorge path winds over and under waterfalls and through the spray of Cavern Cascade. Rim trails overlook the gorge. It's a perfect park for photography! (Note: we charge \$10/person for state park admission and bus parking.) (**We will visit Watkins Glen only when weather condition allows. In case of storm, we reserve the right to change the itinerary to Corning Glass considering safety issues.)

From there on, we will continue the trip to Niagara Falls, NY. Later in the night, the nighttime illumination of the impressive American and Horseshoe falls will have visitors experience the falls in a new way. (The completeness of night view on certain summer evenings may be limited or not available due to late sunset time and US Federal Government regulations on driving hours.)

Hotel: Universal Inn/Day Inn or equivalent

Day 3: Niagara Falls – Toronto, Canada

We will continue our tour by taking the famous Maid of the Mist boat ride which takes passengers to take a close look of the Niagara Falls. Face-to-face with deafening roar of the pounding waters and get soaked with the mist! Next, we will see an informational movie at the IMAX Theater. This amazing movie is presented on an unbelievable IMAX screen, chronicles more than 12,000 years of history and examines human interaction with the falls from ancient time through the people - like you - who come to see them today. After crossing the border to Canada through the Rainbow Bridge, we will ascend to the Skylon Tower. This observation tower on the Canadian side of Niagara Falls offers bird's eye views of the natural wonder. The tower stands 520 feet from street level and 775 feet from the bottom of the falls. Relax and enjoy your meal at the 360 degree Revolving Dining Room or the family-affordable Summit Suite Buffet Dining Room restaurant. Admission to the Ride-to-the-Top and Indoor/Outdoor Observation Decks are always free when dining.

The tour then departs for Toronto, ON, the largest city of Canada. The CN Tower will be the first stop here for fabulous views of the city and Lake Ontario. It is Toronto's most famous landmark, the tallest freestanding structure in Canada, and also the most impossible to miss in our trip. The highest viewing area on the CN Tower is from the Sky Pod at 447 meters and a lower viewing area, the Glass Floor, offers a bird's eye view straight down over the city as visitors stand on a glass floor as the name suggests. Around the corner of CN Tower is the Ripley's Aquarium of Canada. It holds over 16,000 fantastic aquatic animals, featuring with North America's longest underwater viewing tunnel (96 meters) which allow you to walk by the Sharks, Rough tail Stingrays, and dangerous lagoon. Guests will be both entertained and inspired to protect the waters of the world. Lake Ontario Cruise offers gorgeous views of the city and vicinity from the waters. See the city of Toronto and the surrounding area in a new way! We will also pass by the modernist styled City Hall whose stunning arc-shaped structure

makes it distinguished in the city and architecture history. Later of the day, we will reach the historical Chinatown. This one is one of the largest and oldest Chinatowns in North America back to the 1870s, and the historical area features many authentic groceries, restaurants, and shops.

In addition to taking in the scenery, passengers on boat tours can learn of the history of the region, which was once home to pirates and bootleggers, and enjoy views of some famous spots such as the Boldt Castle along the way. Also, we will see a “shortest international bridge in the world”.
